

HEVA Fund Tracker

HEVA TRACKER

Supporting Creatives

Presented By Anngladys Gichuhi

ABOUT US

HEVA Fund

HEVA Tracker is a comprehensive web-based platform designed to support creative entrepreneurs across East Africa through funding, capacity building, and research. The application serves as a centralized hub for tracking startup progress, managing fund disbursements, collecting data, and generating strategic insights for program administrators and stakeholders.

PROBLEM

Problem 1

Unaggregated
data

Problem 2

No data
visualisations

Problem 3

Lack of
searchability

SOLUTIONS

Data Aggregation & Visualization

Aggregated data from all data sources

Easy to upload data in bulk, view graphs, charts

Searchability

Search by country, value chain, funding model, organization, individual

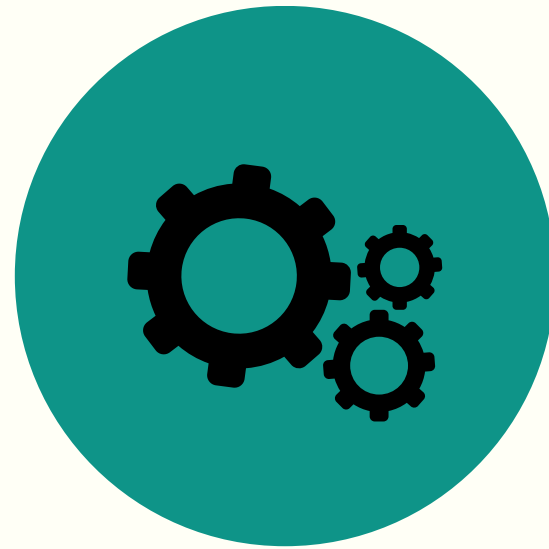

Accessibility Options

PWA, Work offline, sync later, English, French, Arabic, Light, dark, high-contrast, font resizing modes

Future-Facing

Future facing - accepts all media files, transcribes audio, puts the information in the correct sectors, ERP Compatibility

OUR SERVICE

System Creation

Innovative solutions custom-made for HEVA Fund

Data Migration

Aggregate and import data into the HEVA Tracker

System Maintenance

Future-conscious continuous maintenance for sustainability and scalability

HEVA Fund

Supporting creative businesses in East Africa through funding, capacity building, and research

Empowering entrepreneurs in the creative economy to build sustainable, impactful businesses that drive economic growth and cultural innovation across the region.
